Dr. He Bo has visited the Department of Mechanical Engineering at the Bagley College of Engineering (BCoE) at Mississippi State University (MSU) from April 19 to May 31, 2013. During this period, she met with BCoE officials to discuss the procedure of transferring SAU students into corresponding programs at MSU, learned about MSU academic programs, visited campus laboratories, observed relative major courses, and shared her teaching experiences with MSU faculty.

Dr. He Bo has worked diligently during her visit to ensure the timely development of the student exchange program between MSU and SAU.
